* DENOTES TOTAL FOR 10 MONTHS OF 1934·

·TOTAL CONSTRUCTION COSTS·
1913 TO 1934· 1913 = 100 %

YEAR	PER CENT	YEAR	PER CENT
1913	100	1924	218
1914	83	1925	204
1915	90	1926	229
1916	100·2	1927	255
1917	80	1928	197
1918	54	1929	185
1919	99	1930	113
1920	100·3	1931	74
1921	142	1932	24
1922	190	1933	15
1923	213	1934	17 (10 Mos)

1927 WAS THE YEAR OF MAXIMUM TOTAL CONSTRUCTION
IT DECREASED STEADILY UNTIL BY THE END OF 1933
THE TOTAL VALUE WAS 94·1 PER CENT LESS THAN 1927·

1926 WAS THE YEAR OF MAXIMUM DWELLING CONSTRUCTION
AT THE END OF 1933 THE DWELLING VALUE WAS 98·3 PER CENT
LESS THAN 1926·

FOR 10 MONTHS OF 1934 TOTAL CONSTRUCTION VALUE INCREASED
13·6 PER CENT OVER 1933·
FOR 10 MONTHS OF 1934 DWELLING CONSTRUCTION VALUE
INCREASED 20·5 PER CENT OVER 1933·

State of New York

3d Rdg. 9 Nos. 253, 412 Int. 249

IN SENATE

January 22, 1934

Introduced by Mr. MANDELBAUM—read twice and ordered printed, and when printed to be committed to the Committee on Affairs of Cities—reported favorably from said committee, committed to committee of the whole, amended in said committee, ordered to a third reading—passed—message of necessity

AN ACT

To amend the state housing law, in relation to providing for the establishment, organization, operation and dissolution of municipal housing authorities

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Article five and sections sixty, sixty-one, sixty-two and sixty-three of chapter eight hundred and twenty-three of the laws of nineteen hundred twenty-six, entitled "An act to promote the public health and safety by providing for the elimination of unsanitary and dangerous housing conditions, to relieve congested areas, and the construction and supervision of dwellings and for the letting of apartments at reasonable rentals; repealing article two-a of the public buildings law relating to the bureau of housing and regional planning, and making an appropriation to carry out the provisions of this act," such chapter having been last re-enacted and amended by chapter thirty-five, of the laws of nineteen hundred twenty-seven, are hereby renumbered article six and sections ninety, ninety-one, ninety-two and ninety-three, respectively, and such chapter is hereby amended by inserting therein a new article, to be article five, to read as follows:

EXPLANATION—Matter in *italics* is new; matter in brackets [ ] is old law to be omitted.

ARTICLE 5

MUNICIPAL HOUSING AUTHORITIES

Section 60. Short title.
61. Finding.
62. Definitions.
63. Establishment and organization of authorities.
64. Officers and employees.
65. Advances by city.
66. Powers of authority.
67. Powers and duties of board.
68. Projects.
69. Acquisition of property.
70. Eminent domain.
71. Sale or lease of projects to limited dividend corporations.
72. Bonds.
73. Non-liability of state or city.
74. Tax exemptions.
75. Foreclosure.
76. Dissolution.
77. Miscellaneous.
78. Effect of partial invalidity.

§ 60. Short title. This article shall be known and may be cited and referred to as the "municipal housing authorities law."

§ 61. Finding. It is hereby declared that in certain areas of cities of the state there exist unsanitary or substandard housing conditions owing to overcrowding and concentration of population, improper planning, excessive land coverage, lack of proper light, air and space, unsanitary design and arrangement, or lack of proper sanitary facilities; that there is not an adequate supply of decent, safe, and sanitary dwelling accommodations for persons of low income; that these conditions cause an increase and spread of disease and crime and constitute a menace to the health, safety, morals, welfare, and comfort of the citizens of the state, and impair economic values; that these conditions cannot be remedied by the ordinary operation of private enterprise; that the clearance, replanning, and reconstruction of the areas in which unsanitary or substandard housing conditions exist and the providing of decent, safe, and sanitary dwelling accommodations in said areas and elsewhere for persons of low income are public uses and purposes for which public money may be spent and private property acquired; and the necessity in the public interest for the provisions hereinafter enacted is hereby declared as a matter of legislative determination.

§ 62. Definitions. The following terms, wherever used or referred to in this article, shall have the following meaning, unless a different meaning clearly appears from the context:

1. The term "authority" shall mean a municipal housing authority established pursuant to this article by any city of the state.

Collection of The Buffalo History Museum

2. The term "board" shall mean the state board of housing.

3. The term "city" shall mean the city establishing the authority.

4. The term "comptroller" shall mean the comptroller in cities having a comptroller. In cities having no comptroller it shall mean the chief financial officer of the city.

5. The term "state" shall mean New York state.

6. The term "government" shall include the state and the federal government and any subdivision, agency or instrumentality, corporate or otherwise, of either of them.

7. The term "area" shall mean a section of the city wherein the authority finds that unsanitary or substandard housing conditions exist. An area may include land whether improved or unimproved, and buildings or improvements not in themselves unsanitary or substandard, the inclusion of which is deemed necessary by the authority for the effective clearance, replanning or reconstruction of the section or any part thereof.

8. The term "project" shall mean a plan or undertaking (a) for the clearance, replanning, or reconstruction of an area or areas, or part or parts thereof; and as a part of the plan for the clearance, replanning, or reconstruction of such areas (b) for the providing for persons of low income, of housing accommodations either in said areas or elsewhere in any section of the city, whether or not such section has unsanitary or substandard housing conditions. The term shall include the lands, buildings and improvements acquired, owned, constructed, managed or operated hereunder, to provide dwelling accommodations for persons of low income, and such stores, offices and other commercial or non-housing facilities

as well as social, recreational or communal facilities, as may be deemed by the authority to be incidental or appurtenant to such plan or undertaking.

The term "federal project" shall mean a project aided or financed in whole or in part, by the federal government, where such government reserves the right to approve or supervise the construction or operation of the project.

The term "non-federal project" shall mean a project other than a federal project.

9. The term "bonds" shall include notes, debentures or other written evidences of indebtedness.

10. The term "mortgage" shall include deeds of trust, building and loan contracts or other instruments creating a lien.

11. The term "real property" shall include lands, lands under water, structures, and any and all easements, franchises and incorporeal hereditaments and every estate and right therein, legal and equitable, including terms for years and liens by way of judgment, mortgage or otherwise.

§ 63. Establishment and organization of authorities. 1. An authority may be established by a city upon (i) the passage of a resolution by the local legislative body as defined in the city home rule law, authorizing the establishment of a housing authority and directing the mayor to file a certificate therefor; (ii) the filing by the mayor in the office of the board, and a duplicate in the office of the secretary of state, of a certificate signed by him and setting forth (a) the name of the authority; (b) the names of the members and their terms, specifying which member is chairman; and (c) a copy of the aforesaid resolution.

2. An authority shall consist of five members appointed by the mayor and he shall designate the first chairman. Not more than one of the members may be a city official. In the event that a city official shall be appointed as a member of an authority, acceptance or retention of such appointment shall not be deemed a forfeiture of his office, or incompatible therewith or affect his tenure or compensation in any way. The term of office of a member of an authority who is a city official shall not be affected or curtailed by the expiration of the term of his city office.

3. The members who are first appointed shall be designated by the mayor to serve for terms of one, two, three, four and five years respectively from the date of their appointment. Thereafter, the term of office shall be five years. A member shall hold office until his successor has been appointed and has qualified. Vacancies other than by reason of expiration of terms shall be filled for the unexpired term. Three members shall constitute a quorum. The mayor shall file with the board a certificate of the appointment or reappointment of any member. A member shall receive no compensation for his services but he shall be entitled to the necessary expenses including travelling expenses incurred in the discharge of his duties. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper.

4. The mayor may remove a member of the authority for inefficiency, neglect of duty, or misconduct in office, but only after the member shall have been given a copy of the charges against him and an opportunity to be heard in person or by counsel in his own defense. In the event of removal, the mayor shall file in

Collection of The Buffalo History Museum

the office of the board a record of the proceedings together with a copy of the charges made against the member and his findings thereon. Pending the determination of charges against a member, the mayor may suspend him from office.

5.. An authority shall file with the board and with the city a copy of any by-laws, rules and regulations and amendments thereto adopted by it from time to time.

§ 64. Officers and employees. 1. When the office of the first chairman of the authority becomes vacant, the authority shall select a chairman from among its members. An authority shall select from among its members a vice-chairman, and it may employ a secretary, who shall be executive director, technical experts and such other officers, agents and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties and compensation. An authority may call upon the corporation counsel or chief law officer of the city for such legal services as it may require and it shall reimburse the city for the cost of such services, or it may employ its own counsel and legal staff. The secretary, and any counsel and assistant attorneys employed by an authority, shall be in the exempt class of the civil service.

2. No member or employee of an authority shall acquire any interest direct or indirect in a project or in any property then or thereafter included or planned to be included in a project, nor retain any interest direct or indirect in any property acquired subsequently to his appointment or employment which is later included or to his knowledge planned to be included in a project,

nor shall he have any interest direct or indirect in any contract or proposed contract for materials or services to be furnished or used in connection with any project. If any member or employee of any authority owns or controls an interest direct or indirect in any property included in any project, which was acquired prior to his appointment or employment, he shall disclose such interest and the date of acquisition thereof in writing to the authority and such disclosure shall be entered upon the minutes of the authority.

§ 65. Advances by city. 1. A city may advance to an authority such sums as may be necessary for the payment of its expenses and the acquisition of options upon real property. Such advances shall be reimbursed by the authority to the city as funds of the authority are available. The amount of advances outstanding at any one time shall not exceed five hundred thousand dollars by a city of more than a million inhabitants, or two hundred thousand dollars by any other city.

2. A city may make such advances out of any funds available for that purpose or it may direct the comptroller to issue and sell special revenue bonds or other similar obligations of the city and out of the proceeds thereof to make such advances. The amount necessary to pay the principal and interest of such bonds or other obligations shall be included in the estimates of monies necessary to be raised by taxation to carry on the business of the city, and shall be made a part of the tax levy for the year next following the year in which such advances are made.

§ 66. Powers of authority. An authority shall constitute a body both corporate and politic. It shall have the following powers in addition to others herein granted:

To investigate into living and housing conditions in the city and into the means and methods of improving such conditions; to determine where unsanitary or substandard housing conditions exist; to study and make recommendations concerning the city plan in relation to the problems of clearing, replanning and reconstruction of areas and the providing of housing accommodations for persons of low income, and to cooperate with any city or regional planning agency; to prepare, carry out and operate projects; to construct, reconstruct, improve, alter or repair or to provide for the construction, reconstruction, improvement, alteration or repair of any project or any part thereof; to take over any project undertaken by any government; to act as agent for the federal government in connection with a project; to arrange with the city or with a government for the furnishing, planning, replanning, opening, grading or closing of streets, roads, roadways, alleys or other places or facilities or for the acquisition by the city or by a government of property, options or property rights or for the furnishing of property or services in connection with a project; to lease or rent any of the housing or other accommodations or any of the lands, buildings, structures or facilities embraced in any project and to establish and revise the rents or charges therefor; to enter upon any building or property in order to conduct investigations or to make surveys or soundings necessary to carry out the purposes of the authority; to purchase, lease, obtain options upon, acquire by eminent domain or otherwise, sell, exchange, transfer, assign or mortgage any property real or personal or any interest therein;

Collection of The Buffalo History Museum

to acquire any property real or personal or any interest therein from any person, firm, corporation or government by gift, grant, bequest or devise; to own, hold, clear and improve property; to insure or provide for the insurance of the property or operations of the authority against such risks as the authority may deem advisable; to borrow money upon its bonds, notes, debentures or other evidences of indebtedness and to secure the same by mortgages upon property held or to be held by it or by pledge of its revenues, or in any other manner; to limit by contract, the exercise of any powers of the authority granted in this article; to invest any funds held in reserves or sinking funds, or any funds not required for immediate disbursement in property or securities in which savings banks may legally invest funds subject to their control; to sue and be sued; to have a seal and to alter the same at pleasure; to have perpetual succession; to make and execute contracts and other instruments necessary or convenient to the exercise of the powers of the authority; to make and from time to time amend and repeal by-laws, rules and regulations not inconsistent with this article to carry into effect the powers and purposes of the authority; to conduct examinations and investigations and to hear testimony and take proof under oath at public or private hearings on any matter material for its information; to issue subpoenas requiring the attendance of witnesses or the production of books and papers and to issue commissions for the examination of witnesses who are out of the state or unable to attend before the authority, or excused from attendance; and to do all things necessary or convenient to carry out the powers given

in this article. Any of the investigations or examinations provided for in this article may be conducted by the authority or by a committee appointed by it, consisting of one or more members thereof, or by counsel, or by an officer or employee specially authorized by the authority to conduct it. Any member of the authority, its counsel, or any person designated by it to conduct an investigation or examination shall have power to administer oaths, take affidavits and issue subpoenas or commissions.

§ 67. Powers and duties of board. The board shall collect and distribute information relating to the administration of housing authorities and to the construction, maintenance and operation of projects. The board shall suggest and assist in the preparation of legislation relating to housing authorities and their functions. The board may, in its discretion, prescribe methods and forms for keeping accounts, records and books to be used by an authority. The board may require an authority to file periodical reports not oftener than quarterly covering its operations and activities in a form prescribed by the board and may, from time to time, require specific answers to questions upon which the board may desire information. For the purpose of gathering information to enable the formulation of suggestions for legislation, the board may require an authority to submit additional information relating to the condition and affairs of an authority, its dealings, transactions or relationships.

§ 68. Projects. An authority shall file with the board a copy of each proposed project embodying the plans, layout, estimated costs and proposed method of financing. The board shall with

reasonable promptness transmit to the authority its criticisms and suggestions. Any change made in the project shall be filed with the board by the authority. At any time, upon request of the authority, the board shall submit to the authority its criticisms and suggestions with reference to any change in the project.

§ 69. Acquisition of property. 1. When an authority has determined that unsanitary or substandard housing conditions exist in a section or sections of the city, it may secure options on real property in such areas or elsewhere. No authority may purchase or condemn or obligate itself to purchase or condemn real property except in connection with a project approved, if a federal project, by the federal government, or if a non-federal project, by the mayor and by the comptroller of the city. But an authority may purchase or obligate itself to purchase specific real property for proposed projects prior to such approval if such purchase is consented to in writing by the federal government in the case of a proposed federal project, or by the mayor and the comptroller in the case of a proposed non-federal project.

2. A city or government may, upon such terms as it may deem advisable, grant, sell, convey or lease any of its property to an authority, or render services or provide and maintain parks or other facilities adjacent to or in connection with a project. A city may enter into an agreement with an authority to open, close or change the grade of streets, roads, roadways, alleys or other places, to change the city map, to plan, replan, zone or rezone any section of the city. Any statute, charter, local law or ordinance to the contrary notwithstanding, any grant, sale, conveyance or lease may

Collection of The Buffalo History Museum

be made by a city or government to an authority without appraisal, public notice, advertisement or public bidding, for such price and in the case of a lease for such rental or term as may be deemed advisable.

§ 70. Eminent domain. 1. The power of eminent domain may be exercised by or for an authority after the adoption by it of a resolution declaring that the acquisition of the property described therein is in the public interest and necessary for the public use and that such property is included in an approved project.

2. The authority may exercise the power of eminent domain pursuant to the provisions of the condemnation law with such modifications as are in this subdivision two provided. A certified copy of the authority's resolution shall be conclusive evidence as to the matters contained therein in any proceeding under the condemnation law to acquire the property or any part thereof described in such resolution. The proceeding shall be instituted by the presentation of a petition by the authority to the supreme court pursuant to section four of the condemnation law. The petition shall, in lieu of the statements required by subdivision one of section four of said law, set forth the name of the authority and the time and place of the filing of its certificate, and shall in addition to the matters required by said section four, state the amount or valuation at which each parcel of the real property to be acquired has been assessed for purposes of taxation on the city tax rolls for each of the three years preceding the date of the petition, which assessed valuation in case only part of an entire plot in a single

ownership is to be acquired shall be pro-rated according to the area of the part so to be acquired.

Where it appears to the satisfaction of the court, at any stage of the proceedings, upon the petition of the authority, that the public interest will be prejudiced by delay, the court may after such notice to the parties in interest as it may prescribe, which notice, however, shall not be less than eight days and may be by posting upon the property or by publication in such paper or papers at such times as the court may require, order that the authority be permitted to enter immediately upon the real property described in the petition, or any part thereof, and to demolish any structures located thereon, and to proceed with the construction of the project thereon, upon depositing with the court a sum of money or in lieu thereof, bonds or obligations of the state or the United States of equivalent or greater value, not less than the last assessed valuation of the property, which the court shall find to be sufficient for the protection of the persons who may be entitled to the award. Such deposit or the proceeds thereof shall be applied, so far as it may be necessary for that purpose, to the payment of any award that may be made, with interest thereon, costs and expenses, and the residue, if any, shall be returned to the authority.

3. An authority may petition the city to institute proceedings under its charter, to acquire property described in the petition which the authority has certified to be necessary for a project. The resolution granting the petition shall set forth the amount to be paid by the authority to the city for such property or in lieu thereof that the authority shall pay to the city all sums expended

or required to be expended by the city in the acquisition thereof, and the time of payment and manner of securing payment thereof, and may require that the city shall receive, before proceeding with the acquisition of such property, such assurances as to payment or reimbursement by the authority or otherwise as the city may deem advisable. Upon the passage of a resolution by the city granting the petition, the authority shall cause two surveys or maps of the property described in the petition to be made one of which shall be filed in the office of the authority and the other in the office in which instruments affecting real property in the county are recorded. The filing of such surveys or maps shall be conclusive evidence of the acceptance by the authority of the terms and conditions of such resolution. The city may proceed under any provision of its charter applicable to the condemnation of real property for public improvements. When title to the property shall have vested in the city, it shall convey the same to the authority upon payment by the authority of the sums and the giving of the security required by the resolution granting the petition. As soon as title shall have vested in the city, the authority may, upon the authorization of the mayor, enter upon the property taken and carry out the terms of the project with respect thereto. Whenever in connection with eminent domain proceedings, requirement is made in any city charter for the performance of an act by a department or officer of the city, it shall be regarded for the purposes of this section as compliance therewith if with the approval of the mayor such act is performed by the authority or by persons specially designated by it.

Collection of The Buffalo History Museum

4. In the case of a federal project, the authority may, with the approval of the mayor, request the federal government to acquire by eminent domain property which the authority has certified to be necessary for the project.

5. In any proceedings for the assessment of compensation and damages for property taken or to be taken by eminent domain by or for an authority, the following provisions shall be applicable:

(a) Evidence of the price and other terms upon any sale or the rent reserved and other terms upon any lease or tenancy relating to any of the property taken or to be taken or to any similar property in the vicinity when the sale or leasing occurred or the tenancy existed within a reasonable time of the trial shall be admissible on direct examination. At any stage of the proceeding, the court or tribunal may require such prior notice to be given of an intention to introduce evidence as to the sale, leasing or tenancy of property other than the property directly involved in the proceeding and of particulars relating thereto as it may deem necessary to prevent surprise.

(b) The deposition of any person, whether or not a party, may be taken pursuant to article twenty-nine of the civil practice act, the rules of civil practice and the provisions of this section. Such deposition may be taken upon any question or issue in the proceeding, including the facts as to any sale, lease or tenancy admissible in evidence pursuant to this subdivision five. The deposition may be taken at the instance of the authority or of any owner or at the direction of the court, at any time during the pendency of the action or proceeding. At least five days' notice, or if service is

through the mails, at least eight days' notice, shall be given of the taking of the testimony, if on the part of an owner, to the authority and to all other owners who have appeared in the proceeding; if by the authority, to all owners who have appeared in the proceeding.

(c) At any time during the pendency of such action or proceeding, an authority or an owner may apply to the court for an order directing an owner or the authority, as the case may be, to show cause why further proceedings should not be expedited, and the court may upon such application make an order requiring that the hearings proceed and that any other steps be taken with all possible expedition.

(d) For the purposes of this article, the award of compensation shall not be increased by reason of any increase in the value of the property caused by the clearance, reconstruction or proposed clearance or reconstruction under this article of the property or of the area in which the property is situated. No allowance shall be made for improvements begun on property after notice to the owner of such property of the institution of the proceeding to condemn such property.

(e) The facts may be proved bearing upon the unsanitary, illegal or substandard condition of the premises notwithstanding that no steps have been taken by the department or officers having jurisdiction with a view to remedying or abating such conditions.

(f) If any of the property included within the project is devoted to a public use, it may nevertheless be acquired provided that no property belonging to the city or to any government may be

acquired without its consent, and that no property belonging to a public utility corporation may be acquired without the approval of the commission or other officer or tribunal having regulatory power over such corporation.

(g) The term "owner," as used in this section, shall include a person having an estate, interest or easement in the property to be acquired or a lien, charge or encumbrance thereon.

§ 71. Sale or lease of projects to limited dividend corporations. 1. A public limited dividend corporation may lease or purchase a project or a part thereof from an authority. The lease or sale shall be upon such terms including limitation of rentals, regulation of occupancy, recapture by the authority or by the city as may be agreed upon between the corporation and the authority and approved by the board. A city, subject to the right of any government or the authority shall have the right of recapture of any property sold or leased by an authority to a public limited dividend corporation in the manner and upon the terms set forth in subdivision seven of section twenty-two of this act, but without limitation as to the time of exercise thereof.

2. Any provisions in this act to the contrary notwithstanding, the certificate of incorporation of a public limited dividend corporation may, with the approval of the board, empower the corporation to purchase or lease property from an authority and operate it subject to the supervision of the board and shall provide that any surplus or excess of the par value of the stock, together with cumulative dividends at the rate of six per centum per annum, shall upon dissolution revert to the authority. The

Collection of The Buffalo History Museum

capital structure of a corporation formed to purchase or lease such property shall be entirely in the discretion of the board except that the number of shares of stock of such corporation shall not be less than ten. The restrictions contained in this act as to the type of project, and the amounts to be represented by mortgage, mortgage bonds, income debentures or stock, shall be inapplicable to a corporation formed to purchase or lease property from an authority.

3. The authority shall have the power to appoint a director to represent it on the board of directors of such corporation and to remove the director appointed by it at any time with or without cause, and upon the death, resignation or removal of such director to appoint a successor.

§ 72. Bonds. 1. An authority may from time to time issue bonds in such amounts and upon such terms as it may deem advisable to carry out the provisions of this article. The authority must obtain the approval as to the amount and terms of such bonds, of the board of estimate and apportionment in cities where such body exists, and in other cities, of the local legislative body thereof as defined in the city home rule law, except that such approval shall not be required for bonds issued in connection with a federal project. The bonds may be sold by the authority at public or private sale at such price or prices as the authority may determine.

2. Bonds may be issued for any purposes of the authority including the payment or reimbursement to the city for property, services or facilities furnished by it pursuant to agreement with the authority.

3. The authority shall have power out of any funds available therefor to purchase any bonds issued by it at a price not more than the principal amount thereof and the accrued interest. All bonds so purchased shall be cancelled. This paragraph shall not apply to the redemption of bonds.

4. No personal liability or accountability shall attach to any member of the authority or any city official or to any person executing said bonds by reason of the execution or issuance thereof.

5. The bonds of an authority are securities in which the city or state may invest. Such bonds, when they are secured by a first mortgage lien not exceeding sixty-six and two-thirds per centum of the value of the property covered thereby, are hereby declared to be securities in which all public officers and bodies of the state, municipalities, municipal subdivisions, all insurance companies and associations, all savings banks and savings institutions, including savings and loan associations, all executors, administrators, guardians, trustees, and all other fiduciaries in the state may legally invest funds within their control.

§ 73. Non-liability of state or city. The bonds or other obligations of an authority shall not be a debt of the state or the city and neither the state nor the city shall be liable thereon nor shall an authority have power in any way to pledge the credit of the state or the city, nor shall the transfer from the authority to the city or the vesting in the city of property theretofore belonging to an authority impose upon the city any obligation except such as it may expressly assume.

§ 74. Tax exemptions. 1. An authority shall be exempt from

the payment of any taxes or fees to the state or any subdivision thereof or to any officer or employee of the state or subdivision thereof.

2. Bonds and mortgages of an authority are declared to be issued for a public purpose and to be public instrumentalities, and together with interest thereon, shall be exempt from tax.

3. The property of an authority shall be exempt from all local and municipal taxes. An authority shall pay to the city a sum fixed annually by the city. Such sum shall not exceed in any year the sum last levied as an annual tax upon the property of the authority prior to the time of its acquisition by the authority.

§ 75. Foreclosure. In an action to foreclose a mortgage on real property of an authority, the authority and the city, in addition to all other necessary parties, shall be made parties defendant and shall take such steps in said action as may be necessary to protect the public interest therein and no costs shall be awarded against them. Wherever under the instrument creating a lien a notice of default in writing is required to be served upon an authority before the institution of foreclosure proceedings, a copy of such notice shall be served upon the city before the institution of such proceedings. Foreclosure shall not be decreed unless the court to which application is made shall be satisfied that the interests of the bondholders cannot be adequately secured or safeguarded except by the sale of the property. In any foreclosure sale the decree may in the discretion of the court provide that the property shall be sold free of all restrictions imposed by this act. At such a sale the city may purchase the property affected at a price not exceed-

ing the amount due to the plaintiff at the time of such sale together with the costs and expenses of the sale.

§ 76. Dissolution. An authority or the city may apply to the supreme court in any county in which the city or any part thereof is located, for an order dissolving the authority. The court thereupon shall hold a hearing in open court after such notice of hearing as the court may require. Upon a showing to the satisfaction of the court that provision has been made for the payment or satisfaction of all of the outstanding obligations of the authority and for the necessary expenses for the liquidation thereof, the court may order that the authority be dissolved. Upon such dissolution the property of the authority shall be and become the property of the city.

§ 77. Miscellaneous. 1. For the purposes of the application of the lien law and of the general corporation law an authority shall be deemed to be a municipal corporation. The term "public improvement" used in the lien law shall be deemed to include an improvement upon real property belonging to an authority; the secretary of the authority shall, for the purposes of the lien law, be deemed to be the financial officer of the authority and the head of the department or bureau having charge of the construction of an improvement.

2. All projects of an authority shall be subject to the planning, zoning, sanitary and building laws, ordinances and regulations applicable to the locality in which the project is situated.

3. In order to protect funds deposited by an authority, all banks, bankers, trust companies or other persons carrying on a banking

business, organized under the laws of the state, are authorized to give to the authority an undertaking with such sureties as shall be approved by the authority faithfully to keep and pay over upon the order of the authority any such deposits and agreed interest thereon, or in lieu of the said sureties, to deposit with the authority as collateral such securities and in such amounts as may be agreed upon with the authority pursuant to a collateral deposit agreement in form and terms satisfactory to the authority. The collateral to be deposited shall consist of securities in which savings banks may legally invest funds within their control.

4. This article is to be construed liberally to secure the beneficial interests and purposes thereof.

§ 78. Effect of partial invalidity. If any provision of this article or the application thereof to any person or circumstances is held invalid, the validity of the remainder of this article and of the application of such provision to other persons and circumstances shall not be affected thereby.

§ 2. This act shall take effect immediately.
